

# PABLO GRADOLPH OLIVA

FUTURE SOFTWARE  
DEVELOPER

## PRESENTATION

Currently studying a degree in Science at the universities UAM/UC3M/UAB, where I have discovered my passion for Mathematics and Programming.

## ATTITUDE

- Self motivated and disciplined.
- Responsible and punctual.
- Team worker.
- Passion for learning.
- Sports person.

## EDUCATION

### Currently studying a University degree in Science.

University degree shared by the universities UAM/UC3M/UAB. Starting in September, 2020, currently on the third year. I am specializing in Mathematics and Computational Sciences. This degree has led me to discover my passion for programming.

### Secondary School.

- IES Antares at Rivas Vaciamadrid.
- Specialization in Sciences.
- Finished in June, 2020.
- Final mark: 8,82.
- Access to University score: 12,142

## TECHNICAL STUDIES

### Python Professional Course

- Imparted by A.E.P.I.
- Finished on September, 2022.
- Duration: 100 hours. Mark: Sobresaliente (A).

### OpenBootcamp

- Introduction to programming: September, 2022.
- Python: October, 2022

### Subjects taken at the University

- Computer techniques and databases.
- Laboratory - Using python to solve mathematical problems.
- Computing II - Use of C++ to solve numerical computation problems.
- Currently studying advanced computing.

## LANGUAGES

- Spanish: Native.
- English: B2 (Aptis - International Certificate)

## ADDITIONAL INFORMATION

I have a broad interest in learning about programming, computing and software development.

Other information:

- Driving license.
- Personal teacher in Mathematics and Physics.
- Lifeguard: summers of 2019 and 2021 (June - September). Hired by OZONIO NOVA XXI S.L.
